

Canada's new polymer notes

Secure • Durable • Innovative

Check to Protect: **Feel, Look** and **Flip**

Feel the smooth, unique texture of the note. It's made from a single piece of polymer with some transparent areas.

Frosted maple leaf window

Look through the transparent outline.

Large window

Look through the transparent area containing a detailed metallic portrait and building.

Metallic portrait and building

Flip the note to see these images from the front repeated in the same colours and detail on the back.

Same security features on the \$50 note
