Correction. This report includes a correction to the scale of trade volume charts for Government of Canada non-benchmark bonds, corporate bonds and provincial bonds. It also includes an improvement to moving average formulas to better account for holidays. Historical trends with respect to all measures (bid-ask spread, price impact, trade volume and trade size) are largely unaffected. For any inquiry about this change, please contact Guillaume Bédard-Pagé (gbedard-page@bank-banque-canada.ca).
