

The vertical \$20 bank note

It pays to check!

01-V20SL/DS (07-26)

The vertical \$20 note has advanced and dynamic security features that are easy to check and hard to counterfeit.

To check if your bank note is real,
just **feel, look, tilt and flip.**

- 1 Polymer**
Feel the smooth, unique texture.
- 2 Raised ink**
Feel the **raised ink** on the portrait, the large number and the word "Canada".
- 3 Gold maple leaves**
Tilt to see the inner leaves pulse.

Purple security stripe

Look at the purple security stripe. Tilt the note to make the images move.

- 4 Bubble**
It looks 3D and magnifies the 20s inside.
- 5 Maple leaf**
A leaf pulses inside.
- 6 Poppy**
Bands spin inside the petals.
- 7 Background pattern**
20s change into maple leaves.
